# Afternoon Tea

The Beatles mention tea over a dozen times in their songs, so there's good evidence that the Fab Four were fond of a cuppa. Martin Lewis, the well-known Beatles expert, calls tea their "chief inspiration" – after all, a very British band needs a very British drink.

With that in mind, we've taken a selection of world-class teas from quintessentially English Whittard of Chelsea, pairing them with a few of our favourite lyrics about tea from some well-known (and more unusual) Beatles songs. So sip away, picture yourself in a boat on the river, and join us on a Magical Mystery Tour of some rather magnificent brews...
